Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Wednesday 03 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain for many, with snow in north.

Today:
Rain continuing across Northern Ireland, south and east Scotland and northern England. Snow for high ground of Scotland as well as strong winds here. Further south, area of rain moving northeast across southern parts during the day otherwise mostly dry.

Tonight:
Rain, continuing over many northern parts, snow over higher ground of Scotland. Drier conditions in the south. Mild in south but colder in north. Wintry showers continuing in far north.

Thursday:
Rain continuing across northern areas, again with snow for higher ground of Scotland. Drier in south though some showers likely at times. Mild in south but cold in north.

Outlook for Friday to Sunday:
Further heavy snow for parts of Scotland on Friday. Rain and snow sinks south through the weekend, with snow showers following, most frequent for northeastern areas. Becoming colder for all.
